

Today's Conveyancer Industry Champion

Nominations are open to all those involved in the conveyancing sector.

Over the last two years the Today's Conveyancer Industry Champion has recognised individuals who have played an influential and important role in the life and times of the conveyancing community.

And while the winner has rightly taken the plaudits, all those shortlisted would be worthy winners in their own right. It is a cliché, but to have been nominated amongst the thousands of professionals who work day in day out to keep home movers up and down the country moving, is extraordinary.

This year we invite you, the conveyancing community, again to nominate your industry Champion; someone who is championing the coalface conveyancer; driving the profession forward and/or playing a leading role in shaping the future. The nominees will then go to a public vote with the winner announced live at The British Conveyancing Awards 2024.

Over the past 12 months, your nominees will have:

- Produced something extraordinary that supports our industry.
- Put the interests of the industry at the forefront of everything they do.
- Championed the interests of the conveyancing community across the home moving spectrum.
- Overcome challenges with minimal disruption to the outcome of their work.
