

THE BRITISH
CONVEYANCING
AWARDS 2025

Conveyancing Excellence

This Category is open to law firms ONLY

This Category is not open to general submission.

This new for 2025 category has been introduced to recognise the individual or firm who has wow-ed the judging panel; demonstrating excellence across the whole range of criteria outlined in the British Conveyancing Awards.

This category is **not open to general submission**.

The winner will be the top scorer across the categories open to all CLC and SRA regulated businesses; an individual or firm who is delivering technical excellence, an innovative approach to client service, and evidencing the fruits of their labours through client satisfaction.

The award embodies everything that Today's Conveyancer stands for as a news publication and everything The British Conveyancing Awards was introduced to recognise; independence, integrity and a recognition of the incredible diversity of the profession.
